Believes He Can  
Whip McCoy.

Base Ball Matters Un-  
usually Active.

Kent Trying to Find Two Good  
Pitchers.

Gus Ruhlin and Kid McCoy are to be matched in the events to be pulled off at London during coronation week. The last time these two met, the decision was for McCoy, and it is said that Gus is confident that that decision will be reversed in the coming battle. The Akron Giant's friends say that he has improved under his work with Fitzsimmons, and they maintain that he will, this time, be too much for McCoy. Gus believes that victory over McCoy will do much to restore him to the favor of the public, that he lost through the Jeffries fight.

BETTER LATE THAN NEVER.

Members of the South End Athletic club are evidently believers in the patness of "better late than never," as is shown by the great activity they have shown in preparing dances and entertainments, on quite an elaborate scale, so late in the season as the latter part of March. The steps that have been taken by the club in the past, in the way of preparing entertainments, have proved more than ordinarily successful, so the South End men are confident that they will be repaid. A dance and smoker will both be given by the club before the end of the present month.

### NORTH END AFFAIRS.

The North End club, as an organization, intends to take an active part in local athletics this year. Already it has a team entered for the city league base ball series, and this is the matter which engrosses most of the club's attention just at the present time. The affiliation of this team with the league will mean that President Milo Williams will have his hands full, and at a meeting of the club, held Monday night, Nathan Tuholsky was appointed manager of the team, to help out in the mass of work that will have to be taken care of. Mr. Tuholsky is an old member of North Ends; is acquainted with the routine affairs to be watched, and it is believed that his selection was a good one.

### A BASE BALL YEAR.

If indications are reliable, there will be more small base ball leagues in business this season than there have been for some time. Nearly every village has a league, either all alone, by itself, or in conjunction with enough other towns to make up a schedule. Preparations for these small leagues were begun earlier this year than in former seasons, and it is believed that the national game, which has been more or less in disrepute for a few seasons, owing to the cut and dry, professional manner in which the leagues have

## Money to Loan

On Household Goods,  
Pianos, Organs,  
Horses, Carriages, Wagons, Farming  
Implement, Live Stock and on all good  
securities, and all property to remain  
in your possession.

There are times when  
everyone is in need  
of a little money.

Steadiness comes and the grocer and  
butcher want their money, and the  
doctor would take less if you pay him  
cash, and why not come to us and let  
us loan you the money and pay them  
all off and save you the embarrassment  
of a lot of small debts and only have  
one place to pay and you can pay it  
back in small monthly payments so it  
will not be missed from your earnings.  
Call and investigate before you borrow,  
as our plan is executed by none, and the  
rates are the lowest in the city. Loans  
made in all suburban towns and all  
parts of the county. If you are unable  
to call, office write or phone. Bell  
phone 790. People's 774. Office open  
evenings until 9 o'clock.

### MARK YOU!

Alax of old was a warrior bold,  
Who defied both Gods and men,  
Alax Cold Cure is a leader for sure  
And dethroned all the gods of men.

played their games, has taken another  
spurt of the old time popularity which  
threatened to drive the American pub-  
lic into a serious mental condition.

Already the teams in some of the  
towns near Akron are looking for  
games, and the league in this city is  
also nearly ready to begin operations.  
It is apparently up to the weather, to  
say when base ball shall begin.

### NOT MUCH DIFFERENT.

The squabbles of base ball managers,  
and the fights between the leagues  
whereby each sought to devour the  
other, have nearly ended. To be sure,  
there are still occasional grumblings  
and flashes from the receding storm,  
but the destruction which was to have  
taken place did not materialize. There  
has been, however, one of the bitterest  
fights since the close of the last base  
ball season, between officials of the  
American and the National leagues,  
that has ever occurred in the manage-  
ment of base ball affairs. Still, both  
leagues are prepared to place their  
teams, and begin business as merrily  
as ever, as soon as better weather  
returns.

### POTTS' TRAINING METHOD.

Dan Potts, of Mogadore, the well  
known base ball pitcher, who be-  
came well known to many Akron  
sports through his work with the  
Kent team, and who will twirl this  
season for Toledo, has developed a  
way for training for the coming sea-  
son, that will probably not be very  
popular with many ball players. Potts  
gets up his muscle by chopping wood,  
and it is said that the curves he de-  
scribes in the air with the axe are  
only exceeded by the quantities of  
firewood he accumulates.

## Dyspepsia Cure

Digests  
what you  
Eat

The stomach controls the man. It governs  
him both physically and mentally. The man  
is just what his stomach makes him. When  
the stomach is right, the man is all right;  
he feels good, he is happy, he is cheerful, the  
world to him is all sunshine.

When the stomach is wrong the man is  
all wrong. He is out of sorts, he is nervous,  
he is irritable, he is gloomy and despondent,  
he is "cranky". His general disposition is  
such that nobody wants to have anything  
to do with him.

The stomach is the organ on which the  
whole human system must depend for sub-  
sistence and existence. If the stomach  
fails, then what is to become of the rest of  
the body? Where does the force of life  
come from? Doesn't it come largely from the  
food? You know that if you stop eating, you  
will die. But the mere eating of food does  
not give life. Food can no more give life with-  
out digestion than coal can give heat with-  
out combustion. It is not what we eat but  
what we digest that keeps up the motor  
force of the body.

Undigested food is not only useless but  
harmful. It ferments and decays in the  
stomach, the evidence of which you have in  
the distress you experience, that feeling of  
fullness, especially after eating, flatulence  
(wind on the stomach) belching and vomit-

ing. These symptoms are simply nature's  
warnings to you that something is wrong  
and that you should do something.

This decayed food poisons the blood,  
through which the entire system becomes  
impure and diseased. When the blood is  
bad it is certain to cause disease of the kid-  
neys, the liver, the heart, the lungs or any  
or all organs which it is intended to nour-  
ish. Properly digested food makes pure  
healthy blood which in turn makes a healthy  
man by making every organ of his body  
healthy.

Now how are we to get perfectly digested  
food? We are all entitled to this but by ig-  
noring or abusing nature's laws we are de-  
prived of it unless we make other provisions.  
We can do this only by taking the remedy  
which nature has provided, the remedy  
which contains a perfect combination of all  
the elements which make up the digestive  
fluids as they exist in the human digestive  
organs.

In no other way can we perfectly digest  
all we eat. Such a preparation is

**Kodol Dyspepsia Cure.**

It actually digests the food itself and pre-  
pares it to be taken up by the blood. It  
does this with no assistance whatever from  
the digestive organs or their juices. Food

in tubes is digested in our laboratory tests  
as completely and perfectly as it would be  
in the most healthy stomach. Is it any won-  
der then that Kodol Dyspepsia Cure is effect-  
ing such seemingly wonderful cures. It can't  
help but benefit. It's perfectly simple, just  
as simple as dissolving a handful of salt in a  
pail of water, because Kodol Dyspepsia Cure  
contains all the necessary elements to digest  
all kinds of food.

When taking this preparation, nothing  
else is necessary. You don't have to re-  
strict your eating to a few "diets". That's  
nonsense. Nature demands a variety of  
foods.

It requires all kinds of food to supply the  
numerous demands of the body. That's why  
nature gives us such a generous variety.  
Eat all your appetite calls for. That's what  
your appetite is for, to let you know what  
element of nutrition you need and that's  
why your appetite or desire for different  
food changes occasionally. Eat all you  
want, Kodol Dyspepsia Cure will digest it  
and make a new person of you. It will give  
you new life, new strength, new ambition  
and a new appetite.

It will enable you to enjoy living as you  
never enjoyed it before.  
It will make you feel more like living to  
enjoy the good things in life.

## A man is no stronger than his stomach.

After suffering for several years all the  
torments incident to that terrible malady  
known as dyspepsia or indigestion, I com-  
menced using Kodol Dyspepsia Cure, and  
from the first dose I could feel relief. I con-  
tinued its use till I had taken several bot-  
tles. Now I can sleep well and eat almost  
anything that comes before me without ex-  
periencing those terrible pains and horrible  
nightmares that follow indigestion. The  
cold and clammy night sweats have dis-  
appeared and I am steadily gaining in  
strength. I take great pleasure in recom-  
mending Kodol Dyspepsia Cure to those af-  
flicted with stomach trouble.—George B.  
Orr, Notary Public, McCutchenville, Ohio.

Before me, L. G. Westfall, notary public  
in and for the county of Big Stone and  
State of Minnesota, personally came W. H.  
Shipman, who being by me duly sworn  
according to law, deposes and says: That  
he is a resident of the Village of Beardsley  
and that for the last twenty-five years, here  
and elsewhere, he has been a constant suf-  
ferer from dyspepsia, that during all  
this time he has tried various doctors, vari-  
ous remedies and all kinds of diet, with lit-  
tle or no relief, until recently when he was  
induced by a friend to try Kodol Dyspepsia  
Cure. One bottle had such a satisfactory  
effect that he felt encouraged to go on with  
it and now after taking three bottles he

feels about cured, can eat what he wants  
with no bad effect whatever, that he sleeps  
well at night and rises in the morning re-  
freshed and like a new man.

Subscribed and sworn to before me this  
19th day of March, 1900.—L. G. Westfall,  
Notary Public, Big Stone County, Minn.

Gentlemen:—During the last few years  
my stomach was in such a terrible condition  
I couldn't retain the food I ate. Two months  
ago I commenced using Kodol Dyspepsia  
Cure. I have taken four bottles and it has  
cured me entirely, so that I can now eat  
and enjoy anything I want.—Henry Wil-  
liams, Boonville, Mo.

Prepared by E. C. DeWitt & Co., Chicago. The \$1.00 bottle contains 2½ times as much (by actual measurement) as the trial size which sells for 50 cents.

A celebrated Fort Wayne physician  
has discovered the most wonderful  
cure for Syphilis or Blood Poison ever  
known. It quickly cures all such in-  
dications as mucous patches in the  
mouth, sore throat, copper colored  
spots, chancres, ulcerations on the  
body and in hundreds of cases where  
the hair and eyebrows had fallen out  
and the whole skin was a mass of  
boils, pimples and ulcers, this wonder-  
ful specific has completely changed the  
whole body into a clean, perfect condi-  
tion of physical health.

William McGrath, 48 Guilford st.,  
Buffalo, N. Y., says: "I am a well  
man today where a year ago I was  
a total wreck. Several doctors had  
failed to cure me of syphilis. I was  
rid of my sores and my skin became  
smooth and natural in two weeks, and  
after completing the treatment there

What This Grand Discovery Will Do.

Was not a sore or pimple on my body,  
and today I am absolutely well. I  
give you permission to use my name

suffering men."

Every railroad running into Ft.  
Wayne brings scores of sufferers  
seeking this new and marvelous cure  
and to enable those who cannot travel  
to realize what a truly marvelous work  
the doctor is accomplishing they will  
send free to every sufferer a free trial  
package of the remedy so that every  
one can cure themselves in the priv-  
acy of their own home. This is the  
only known treatment that cures this  
most terrible of all diseases. Address  
the State Medical Institute, 2310 Elk-  
ton Building, Ft. Wayne, Ind. Do not  
hesitate to write at once and the free  
trial package will be sent sealed in  
plain package.
